

Tripler Army Medical Center
FLU SHOTS

Because of the National delay with the flu vaccine, immunizations will be completed by phases. The first phase will be limited to **select individuals**.

Phase I will begin on 14 Nov 00

If you meet the following criteria, please call your Primary Care Manager (PCM) for further information:

You are TRICARE Prime or Tripler Silver
AND

You have a significant medical condition such as (but not limited to): Severe heart, lung (including asthma) or kidney disorders; immune system disorders (including medications that suppress the immune system); certain blood disorders; metabolic diseases such as diabetes.

The vaccine will be given to individuals who meet the above criteria by **prescription only** from your PCM. Once you receive the prescription, you may come to the Immunization Clinic during the hours below.

Immunization Hours:

Tuesdays 1-3 p.m.
Wednesdays: 7:30-11 a.m.
Fridays: 9-11 a.m.

If you cannot make the above hours, please call the clinic so that we may make other arrangements to accommodate you @ 433-3099/6334.

When additional vaccine becomes available, the second and later phases will include other individuals.

You MUST have your medical records to be screened for above criteria.

For periodic information update, call 433-3103 or for issues/concerns call 433-3658.
